# GRADUATE DEVELOPMENT AND INTERNSHIP PROGRAMMES

Rolls-Royce is a global company, providing integrated power solutions for customers in the aerospace, marine and energy markets. We're moving into an exciting future – and we're taking thinkers like you with us. People as logical as they are innovative. Who analyse as much as they inspire – and who roll up their sleeves to turn their ideas into real-world solutions.

Our graduate development programmes give you an immersive, hands-on experience. You'll learn how different parts of our business interact – giving you an in-depth understanding that prepares you for a future as an expert in your field, or broadens your skill base in order to develop your leadership experience.

We also have our internships, which develop your skills and give you practical experience through challenging, real-life assignments within a world-class organisation – an excellent platform for a successful career.

Working in an international environment, with some of the world's finest professional and technical minds, you'll find these opportunities are second to none.
